-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 18 November 2008.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

DETAILED ACTION

1. According to paper filed on Nov. 18, 2008, the applicants have canceled claims 1-39 and furthermore, have added new claims 40-49.
2. Claims 40-49 are now pending in the application.

Response to Arguments

3. Applicant's arguments filed on Nov. 18, 2008 have been fully considered but they are not persuasive regarding enablement rejection of newly submitted claims 48 and 49. The applicants have amended (newly submitted claims) claims to overcome all other rejections and objections. In regard to enablement rejection of instant claims 48 and 49, the examiner does not agree with the applicants arguments that the instant compounds bind to all the alpha2-receptors. The binding data does not tell whether a compound is an agonist or an antagonist at these receptors and therefore, further experimentation is needed to assess agonist versus antagonist activity at each of these subtypes of alpha2 receptors. Secondly, the instant compounds have weak binding affinity for alpha2A and alpha2B receptors. The applicants own data demonstrates that the instant compounds are selective alpha2C receptor antagonists since the instant compounds did not have any effect on sedation induced by alpha 2 agonist (see figure 2 as well as experiment IV on pages 55 and 56). In regard to well established utility of alpha2C antagonists, the applicants have not provided any prior art references showing well established utility of alpha 2C receptor antagonists for treating specific disease conditions before the effective filing date of the instant application. Based on the efficacy of instant

compounds in the forced swim test (figure 3), the instant compounds will have utility in treating depression only.

Conclusion

4. Rejection of claims 48 and 49 under 35 U.S.C. 112, first paragraph is maintained for the reasons of record.

NEW GROUNDS OF REJECTION

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 40-49 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In independent claims 40 and 48, the meaning of the term ---- R7 and R8 are attached to the carbon ring atoms, which are adjacent and m is 0-2 ----- is not clear and furthermore, variable m is not present in the claims.

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charanjit S. Aulakh whose telephone number is (571)272-0678. The examiner can normally be reached on Monday through Friday, 8:30 A.M. to 5:00 P.M..
